Personal Details

- Date of Birth : 29/09/2000
- Gender : Male

Objective

Information Technology graduate specializing in Software Development, with hands-on experience in designing and developing web and mobile applications using Flutter, Dart, Firebase, Java, JavaScript, HTML, CSS, C#, SQL, Oracle APEX, and Microsoft technologies. Proficient in Visual Studio Code and passionate about developing user-focused, scalable, and high-performance software solutions. Through my academic studies, I gained a solid foundation in software development, databases, and programming, as well as basic knowledge of IT support and cybersecurity principles. I possess strong analytical, problem-solving, communication, and teamwork skills, with a commitment to continuous learning and professional growth. I am seeking a Graduate Programme where I can apply my technical knowledge, develop practical industry experience, and contribute to innovative projects while building a successful career in Information Technology.

Skills

- Mobile Development: Flutter, Firebase
- Web Technologies: HTML5, CSS3
- Programming Languages: Java, Dart, JavaScript, C#, SQL
- Database Management: Firestore, SQL, Oracle APEX
